

SHYAM A

Software Engineer | Full-Stack Developer | Machine Learning Engineer

[Contact](#) | [Mail](#) | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | Chennai, India

PROFESSIONAL SUMMARY

Results-driven Full-Stack Developer and Software Engineer with hands-on experience designing, developing, testing, and deploying scalable web applications, RESTful APIs, and ML pipelines. Proficient in Java, Python, JavaScript, React, Node.js, and SQL Unit Testing. Strong foundation in OOP, DSA, distributed systems, and modular architecture. Experienced in Agile/Scrum environments with a proven track record of cross-functional collaboration, code reviews, automated testing, and adhering to security and compliance best practices.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, C, C++

Frontend: React, Next.js, TypeScript, HTML5, CSS3, Tailwind CSS, Framer Motion, Three.js

Backend & Databases: Node.js, Flask, RESTful API Design, SQL, NoSQL, Session & JWT Auth

Dev Tools: Git, GitHub, Postman, VS Code, NPM, CI/CD Pipelines

ML & Data Science: Pandas, NumPy, Matplotlib, Scikit-learn, EDA, Feature Engineering, Model Training

Core Concepts: OOP, DSA, Distributed Systems, System Design, RBAC, Agile/Scrum, Unit Testing, Code Reviews

WORK EXPERIENCE

Machine Learning Engineer Intern — [Grand Twin](#)

Feb 2026 – May 2026

- Designed and maintained end-to-end data preprocessing pipelines using Pandas and NumPy, reducing data noise by ~20% through outlier detection; conducted EDA with Matplotlib to uncover patterns and drive feature selection decisions.
- Engineered multi-stage feature engineering workflows covering encoding, scaling, and feature elimination; trained and evaluated Scikit-learn models, boosting predictive accuracy by ~15% and improving overall pipeline reliability.

Software Development Intern — [Chennai Metro Rail Limited \(CMRL\)](#)

Jan 2026 – Feb 2026

- Architected a secure RBAC dashboard with session-based auth across 3 user tiers and parameterized SQL queries; reduced manual retrieval time by ~30%, unauthorized access by ~40%, data entry errors by ~25%, and improved code maintainability by ~20% through modular backend design and active code reviews.

Junior Full-Stack Developer Intern — [Eagle Hi-Tech Soft Cloud Pt. Ltd.](#)

May 2025 – Jun 2025

- Developed, tested, and maintained production-ready full-stack features in Java and SQL within an Agile/Scrum SDLC; leveraged Git for version control, boosting team workflow efficiency by ~20% and reducing development rework by ~15%.
- Assisted in designing and implementing new application features, performed debugging and troubleshooting to resolve performance issues, and supported deployment pipelines aligned to project requirements and compliance standards.

PROJECTS

NIEROX — SaaS Automation Platform | Personal Project

in Development

- Architecting a modular SaaS automation engine with lazy-loaded routes achieving ~22% bundle size reduction; building a responsive React/Next.js UI with Framer Motion and TypeScript, CI/CD pipelines, and scalable Node.js backend following industry best practices.

Tech Stack: React, Next.js, TypeScript, Tailwind CSS, Framer Motion, Node.js, Git

Integrated Role-Based Dashboard System | CMRL

- Built a secure Flask + SQL dashboard with RBAC, JWT auth, and parameterized SQL queries; improved access efficiency by ~35%, cut unauthorized access by ~25%, and reduced backend latency by ~18% through query optimization and modular REST API design.

Tech Stack: Python, Flask, Flask-CORS, SQL, HTML5, CSS3

CMAC Enterprise Application | Eagle Hi-Tech Soft Cloud Pt. Ltd.

- Engineered enterprise-grade full-stack features in Java and SQL with unit testing and Git-based version control; improved workflow efficiency by ~20% and reduced rework by ~15% through SDLC-aligned backend design and regular code reviews.

EDUCATION

Bachelor of Computer Applications (BCA)

2023 – 2026

St. Thomas College of Arts and Science, Chennai | CGPA: 8.5 / 10.0

CERTIFICATIONS

- NPTEL — Cloud Computing (IIT)
- Infosys — Python Basics & OOP with Python
- Microsoft — Artificial Intelligence & Data Science
- Excel IR EdTech — Salesforce Development
